1. Introduction

This document contains a non-exhaustive list of resources and services in the Greater Montreal area for people with disabilities and their loved ones. You will find links to government and community resources as well as services and resources specifically intended for people living with visual, auditory, communication, motor, or intellectual disabilities on a variety of topics, including rehabilitation, social inclusion, working, transport and support.

To suggest additional resources, please feel free to [contact us](#).

Note: You may also search for resources and services on the Government of Quebec’s website in the “[Other Resources](#)” section.

To search for resources and services:

1) Choose a type of search.

You may search:

- **by resource type** (for example, select “Readaptation center”).
- **by name** (for example, type “handicap” in the search box).

2) Select a search area (optional).

You may select a search area:

- by entering your **postal code** in the search box and choosing a search radius.
- by selecting your **region** from the drop-down menu.

3) Click on “Start Search”.
